

MY TIMELINE

What Can I do in High School?

Take the [ACT](#) and [SAT](#)

Complete College Applications:
[The Common Application](#)
[CFNC](#) and
Individual applications.

Be aware of transcripts and
transfer credit such as: Early
College, AP, IB, CLEP or Transfer
Credit.

Participate
in extracurricular activities:
Sports, jobs, clubs, organizations,
volunteering.

What Can I do in College?

Medical schools require you to have at least a
Bachelor's Degree. You can [transfer](#) from a NC
community college to public NC university and
still go to medical school.

Picking a major does not effect your acceptance
into medical school as long as you have the
general course requirements. Generally: 1 year of
Biology + labs, 1 year of General Chemistry + labs,
1 year of Organic Chemistry + labs, 1 year of
Physics + labs.

Suggested for MCAT prep: Psychology, Sociology,
Anthropology, Biochemistry.

Other opportunities to distinguish
your application include: Shadowing, volunteering,
clinical experiences, research.

What about Medical School and Residency?

Medical schools require you to take the [MCAT](#)
exam at least one year before entering medical
school.

[AMCAS](#) is the application for MD (allopathic).
[AACOMAS](#) is the application for DO (osteopathic).

Applications open about one year before
entering medical school. The application
process includes: primary application,
secondary application, and in person
interviews.

Medical school is four years.

[Residency](#) is three years but sub specialties
may take longer such as [Undersea and Hyperbaric
Medicine](#).

EMERGENCY MEDICINE DOCTORS...

Advocate for patients in
the health care system
